evening wear, holiday dinners and similar functions a man needs a well-fitting shirt and one with **no bulge** to the bosom is particularly essential. Regardless of whether your coat be full dress, tuxedo or frock, the shirt should always be right, and the

**Washington Special Full Dress Shirt Is Always Right!**

This garment has completely solved the problem of the bulging bosom, for it is so adjusted that the bosom can't bulge, although the fit of the shirt and one's comfort in wearing it are in no wise interfered with. The body of this shirt is **French Cambric**, the same material as used in the highest grade Custom-Made Dress shirts; it is fine and soft, hence better and more agreeable for a dress shirt than shirts usually sold for evening wear. Somewhat similar shirts are in the market, but the Washington Special is the only one with a real French Cambric body, which is so essential to a perfect fit. The workmanship and finish are the very best that can be produced.

These advantages make this shirt superior to any in the market, and the price, in all sizes and sleeve lengths, either bands or cuffs attached, is only **\$1.50**

# Ben Hur

The  
Iroquois

ONE of the most important dramatic offerings of the present season at the Iroquois Theatre is unquestionably Klaw & Erlanger's stupendous production of Ben Hur which will be presented Monday Evening, January 11th.

Never before in the history of this great play with its mammoth settings has so elaborate a production been offered as in the present instance, for the *mise en scene* is the same which Messrs. Klaw & Erlanger made when they so successfully presented this famous play at the Theatre Royal, Drury Lane, London. It is beyond question of any kind the most elaborate stage setting that any play of the dramatic kind has ever had in this country or for that matter in the world. The chariot race which was always a feature of the performance is put on with greater elaboration than it ever has been before. There are now 16 horses used and 4 chariots. The scenic equipment is so great that this production can only be presented in but a very limited number of theatres on account of the stage room consumed. The cast is a notable one, the role of "Ben Hur" is in the hands of William Farnum, who it will be remembered has in previous productions made a very great success of this title role. J.

H. Dodson whose depiction of the character of Simonides, won for him the highest praise when "Ben Hur" was presented at the Theatre Royal, Drury Lane, London, is playing the part with this organization. Inas is played by Annie Irish, a well known and charming actress whose interpretation of this difficult role has won her the plaudits of both press and public. The mother of Hur is still played by Mabel Burt who has played the role for the past three years; others in the company are Charles Mackay, Harry Weaver, Charles J. Wilson, James J. Ryan, Ben S. Mears, George J. Seybolt, Thos. F. Tracy, Stella Boniface Weaver and Charlotte Leslay. All of the wonderful features of the play; the great wreck scene in the second act; the Grove of Daphne in the third; the chariot race in the fifth and the impressive miracle scene in the sixth act which have served to make this play the strongest dramatic production ever seen in this country are all presented with even more elaborateness than ever before. It is a wonderful play, wonderfully acted and besides the large cast made up of none but players of the best reputation, the company numbers more than 350 people, exclusive of an augmented orchestra.

With scientific, systematic, thorough treatment, I specify, permanently and safely cure pimply faces, blackheads, large pores, blotchy skin, dandruff, scales, crust and all irritated, inflamed or eruptive conditions of the skin and scalp, stop hair falling, itching, splitting and promote a strong healthy growth.

Remember my thirty years' practical experience in successfully treating more than twenty thousand each year is of great value to you. What I have done for any of these I can do for you. ## Anyone Can Catch Fish in California

Bait, a line, hook, rod and a little patience are all that are necessary.

There is good sport within a stone's throw of several of the largest hotels along the coast, but the best fishing is at Santa Catalina Island. Santa Catalina is the home of the tuna—Tiger of the Pacific—which attains a weight of 200 pounds and has been known to tow a boat for hours. The tuna visits Santa Catalina for only a few days in the year, but sea bass, yellow-tail and barracuda are plentiful the year round.

Santa Catalina is only three and one-half hours from Los Angeles and Los Angeles is only three and one-half days from Chicago via the Rock Island System. Full information on request.
